BIO "It's not what happens to you that makes the difference but what you do with it"

Born in NYC attended Brooklyn College; theatre/acting, subsequently worked in the field of computer software to support my craft, ran a dept for a technical company then open up my own software support company in NY in support government contracting , grow the company 425 employees representatives in 14 cites traveled to many countries contracted Meningitis and developed a brain aneurysm, brain procedure at the Mayo Clinic neurological dept, suffered brain trauma; loss of memory cognitive skills , took singing and acting to improve memory. During the recovery process created a collection of 16 songs and launched my first album "Renacida" Reborn under the Artist name Stebani Cruz . One of the songs on the album "Fria" hit the NYC top 40 charts in Latin genre received her first check from BMI, Broadcast Music inc. affirming her an up and coming recording artist. Released her first children's book "Nonna and Maddox a day in the life of an ordinary boy" and is releasing her autobiography September 2022, "The Price you Pay".
